Professional Summary

Certified AI/ML Engineer (WorldQuant University) and recognized UoPeople Ambassador (2026 – T1) with over 7 years of experience spanning software engineering, UI/UX design, product development, and creative technology. Proven ability to design, build, and deploy scalable applications (Radar & Farad), combining technical depth with user-centered design. Strong foundation in Python, Machine Learning frameworks (TensorFlow, PyTorch, scikit-learn), Kotlin, and Flutter. Passionate about leveraging AI and software to build impactful, global solutions.

Core Skills

- **Programming & Development:** Python, Kotlin, Flutter, Firebase, C++, JavaScript
 - **AI/ML & Data Science:** TensorFlow, PyTorch, scikit-learn, NLP, Computer Vision, Data Engineering
 - **UI/UX & Product Design:** Figma, Adobe XD, Graphic Design (Adobe Suite)
 - **Tools & Systems:** GitHub, Git, REST APIs, Firebase, Agile/Scrum, SQL
 - **Soft Skills:** Leadership, Communication, Problem Solving, Creativity
-

Professional Experience

Founder & Product Designer – Radar & Farad Apps *(2023 – Present)*

- **Built and launched two innovative apps focusing on fintech and user engagement.**
- **Designed UI/UX flows and developed front-end using Flutter, integrated with Firebase.**
- **Implemented AI/ML concepts for smart recommendations and scalable app features.**
- **Gained hands-on experience managing the product lifecycle from ideation to deployment.**

UI/UX Designer & Developer – Tann Mann Gaadi (Remote) *(6-month contract, 2022–2023)*

- Designed and developed UI/UX systems to improve transport platform usability.
- Created wireframes, prototypes, and interactive design systems in Figma.
- Delivered design assets that supported cross-functional engineering teams.

Freelance Graphic Designer & Developer **(2017 – Present)**

- Provided design, branding, and web development services to multiple clients.
 - Specialized in ad creatives, responsive websites, and social media campaigns.
 - Collaborated with international clients across Upwork, Fiverr, and LinkedIn.
-

Education

Bachelor of Science in Computer Science (in progress)
University of the People – Pasadena, CA, USA (Remote)

AI & Machine Learning Lab Certification (2025)
WorldQuant University

Specializations & Certificates

- Google UX Design – Google (Coursera)
 - Graphic Design Specialization – CALARTS
 - Data Engineering Specialization – IBM
 - C++ Programming Professional Certificate – OpenEDG C++ Institute
 - Python Essentials 1 – Cisco
 - Certificate of Recognition – UoPeople Ambassador (2026 – T1)
-

Projects

- Radar App – Fintech mobile application, front-end built with Flutter, Firebase integration.
- Farad App – Innovative finance/productivity app with intuitive design and ML-ready backend.
- Personal Portfolio Website – jerronce.github.io showcasing projects, GitHub, and Behance links.

Achievements

- **Recognized as UoPeople Ambassador (2026 – T1) for leadership and academic engagement.**
- **Successfully completed AI/ML Engineering Certification at WorldQuant University.**
- **Over 10 years of resilience and innovation in tech and design despite health challenges.**
