**Lagos, Nigeria | [jerronce101@gmail.com](mailto:jerronce101@gmail.com) | [+234 813 791 7762](tel:+2348137917762)**

**Portfolio: <https://jerronce.github.io> | LinkedIn: [linkedin.com/in/jeronce](https://www.linkedin.com/in/jeronce)**

---

## **Professional Summary**

**Certified AI/ML Engineer (WorldQuant University) and UoPeople Ambassador (2026 – T1) with 7+ years of cross-disciplinary experience in software engineering, AI systems, and UI/UX design.**

**Founder & CTO of Prae Technologies, a product studio creating innovative solutions in fintech, logistics, and applied AI.**

**Expert in designing and deploying scalable mobile and AI-driven applications that merge human-centered design with technical precision. Passionate about building purposeful technology that inspires progress across Africa and beyond.**

---

## **Core Skills**

- **Programming & Development:** Python, Kotlin, Flutter, Firebase, C++, JavaScript
  - **AI/ML & Data Science:** TensorFlow, PyTorch, scikit-learn, LangChain, NLP, Computer Vision
  - **UI/UX & Product Design:** Figma, Adobe XD, Design Systems, Branding (Adobe Suite)
  - **Tools & Systems:** GitHub, REST APIs, Agile/Scrum, SQL, Firebase Cloud Functions
  - **Soft Skills:** Leadership, Innovation, Analytical Thinking, Communication
- 

## **Professional Experience**

**Founder & CTO – Prae Technologies**

**(2023 – Present)**

**Prae Technologies is a growing innovation hub developing intelligent digital products that merge AI, fintech, and design.**

- **Led end-to-end development of AI-powered and mobile applications using Flutter and Firebase.**
- **Built machine-learning pipelines for personalized user experiences and data-driven features.**

- Managed product roadmaps, UI/UX design systems, and cloud infrastructure.
- Delivered products that simplify finance, mobility, and personal AI interaction across Africa.
- Mentored junior developers and collaborated remotely with cross-functional teams globally.

#### **UI/UX Designer & Developer – Tann Mann Gaadi (Remote)**

***(6-month contract, 2022 – 2023)***

- Redesigned UI flows and interfaces for a transport platform, boosting usability and engagement.
- Created wireframes, interactive prototypes, and design systems using Figma.
- Supported the engineering team with responsive design assets and front-end guidelines.

#### **Freelance Graphic Designer & Developer**

***(2017 – Present)***

- Provided branding, UX, and web design services to international clients.
- Built responsive websites and digital campaigns using modern design tools and frameworks.

---

### **Education**

**Bachelor of Science in Computer Science (in progress)**

***University of the People – Pasadena, CA (Online)***

**AI & Machine Learning Lab Certification (2025)**

***WorldQuant University***

---

### **Specializations & Certificates**

- Google UX Design – Google (Coursera)
- Graphic Design Specialization – CALARTS
- Data Engineering Specialization – IBM
- C++ Programming Certificate – OpenEDG C++ Institute
- Python Essentials 1 – Cisco

- **Certificate of Recognition – UoPeople Ambassador (2026 – T1)**
- 

## **Projects**

- **Prae Technologies Suite:** includes Prachat AI (personal AI assistant), fintech and logistics solutions developed under the Prae brand.
  - **Personal Portfolio Website:** <https://jerronce.github.io> showcasing projects and UI/UX design work.
- 

## **Achievements**

- **Recognized as UoPeople Ambassador (2026 – T1) for leadership and academic excellence.**
- **Completed AI/ML Engineering Certification at WorldQuant University.**
- **Over 10 years of consistent growth and innovation in tech and design despite early health challenges.**
